**HIGH AND GRAMMAR SCHOOL GRADUATES MAY ENTER S.A.T.C.**  
A telegram from the war department has been made public that will answer a question frequently put by those who come within the new draft laws. The telegram says: "All draft registrants physically fit for full or limited military duty, graduates of high schools, are eligible for induction into the college unit of the students' army training corps." This of course means that any man between 18 and 45 who has had a four years' high school course can be voluntarily inducted into the students' army training corps.

All men within these age limits who have had only a grammar school education can be voluntarily inducted into the vocational section of the students' army training corps. In either case all the men so inducted are soldiers on active duty and will receive pay, subsistence and instruction.

**Gospel Meeting.**  
The Church of Christ, worshipping on Water Street, has secured the services of E. A. Elam, of Lebanon, Tenn., to conduct a protracted meeting, beginning the first Lord's day in October.  
To many in this community Bro. Elam needs no introduction as he is a constant contributor to the Gospel Advocate, also he is the author of the literature used by a majority of the Churches of Christ throughout the South.  
Bro. Harding once said of him, "he is the ablest preacher of the Church of Christ." Bro. Pullias said of him, "he is far superior to me as a preacher."

A hearty welcome is extended to all to attend each of these services and assist in the song service which will be conducted by Bro. T. B. Thompson, J. B. Brown, L. D. Curd and R. A. Starks, Elders.

**School Convened Monday.**  
The opening of the city schools last Monday morning was attended by a large number of patrons of the district and the exercises enjoyed by those present. The attendance at the opening, especially in the high school, is the largest in the history of the school, indicating a banner enrollment throughout the year. This fact is indicative of an aroused sentiment for advanced education and is pleasing to the faculty of the school. With a splendid corps of teachers, every indication points to one of the most successful terms in many years.

**Charley Edwards Dead.**  
Charley Edwards, 69 years old, died at his home in this city Wednesday morning of tuberculosis. Mr. Edwards had been a sufferer of this dreadful disease for several months and his death was no surprise to his family and friends.  
Besides his wife, two sons, Willie and Cratus, and one daughter, Mrs. Lillie Hurt, he leaves one brother and three sisters to mourn his loss. The funeral and burial was held at the Spencer-Starks cemetery Thursday.

**Martin is Named for Short Term.**  
Louisville, Ky., Sept. 7.—George Brown Martin, an attorney of Louisville, is the new United States senator for Kentucky, to fill the unexpired portion of the term of the late Senator Ollie M. James, ending on March 3, next. The appointment was announced by Governor Stanley just before leaving Louisville late last night. Mr. Martin was born in Floyd county 42 years ago and is a son of Alexander L. Martin, a former state senator and an able orator.

## Enroute to the Trenches

Somewhere in France, Aug. 10. O. J. Jennings, Murray, Ky.  
Dear Friend: I will take the time and pleasure to drop you a line to let you know that I am still living in France and doing my bit for my Uncle and I find it quite a pleasure to work for such a good fellow and in such a fine country.

We are having the best of weather over here and we Sammies are faring first rate, and there is quite a number of us here, and one can't tell but what he is in the United States, for you can see Old Glory flying almost everywhere here.

I am located in a city of about over one hundred thousand and it's quite a nice old place, better than a lot of our cities, and the scenery is wonderful, both in the city and in the country.

Tell the rest of the Calloway eligible soldiers that they are missing the greatest time of times by not being here.  
Well, as I am very busy, will do for this time. Would like to hear from any and all of you.

Your friend,  
OSCAR E. WINDSOR,  
Sergeant Quartermaster Corps.

France, Aug. 18.  
Dear Mr. Jennings: As I am free for the afternoon I will try to pen a few lines. I crossed the big pond in safety last spring, in fact, I feel like an old soldier of France now and I will be quite delighted when my service has been long enough for my foreign service stripes. That little gold inverted V on the sleeve means a lot to a fellow over here. I have seen some fellows with two of them and it actually makes me jealous.

I have always heard people speak of France as being sunny and believe me they were right, as any A. E. F. boy will tell you, especially one who has worn a gas mask during drill periods. This August sun is almost blistering in its intensity, wearing a gas mask is not very pleasant at any time, much less in the summer. We are undergoing some very intensive training just now and if we keep it up until the finish our muscles will be as hard as steel. I believe we will soon be in shape for any hardship we may chance to meet. The "dough boys" may be toughened to hiking and trench digging but they haven't a thing on the heavy artillery when it comes to lifting and dragging heavy loads.

We have the finest captain I ever saw; not one of the boys but what would do anything for him and when we get in a pinch and the load refuses to move he always gives us a hand. It is a good hand too, for he is a six-footer from West Point. Our lieutenants too seem to be nice fellows, though they are new men in our outfit and we haven't seen much of them yet.

There are a lot of negro soldiers here, in fact two of them are sitting at the same table I am, writing as though their lives depended on it. Just outside there is a ball game, with whites against negroes and an umpire of each color; a long, lanky lieutenant pitching for the whites and a sergeant for the blacks. What do we care? We all came over for the same purpose and when it is finished we will come back.

I have never met any of the Calloway boys though I strain my eyes every time I see a new outfit. In fact I have never seen a familiar face since I enlisted but a fellow can soldier just as well among strangers as among his own friends. We have a crack battery and I believe we have a man from every state in the union. Kentucky, Indiana and Pennsylvania are in the lead, Kentucky first. The Y. M. C. A. workers, the Red Cross and the chaplains are the best friends to an enlisted man. I suppose every company feels alike, but I believe the 58th has the kindest chaplain in France. He goes around doing something cheering all the time. For instance, after hiking for about twelve miles one day last week and just as we were taking our last ten minutes rest within one mile of our destination, when the word, "Forward, March," was given I could not rise from the ground. A motorcycle rider took me in and the chaplain met me with kind words and a cooling drink. He stayed with me until I was feeling able to go to supper, and at once such kindness is appreciated by the whole regiment.

We know you people in the good old U. S. A. are with us night and day and would come across and help right in on if your affairs were perfect, but your work is there and the best way to spend it on is to buy War Bonds.

Liberty Bonds or anything to raise funds for the government. I don't believe one can realize the enormity of this thing unless they have experienced it. There is not a nation under the sun that can whip the United States. Her sons are the greatest fighters on earth and her resources are inexhaustible. Just a little of a foreign land will make one understand what a great country we have. The French are good people and we are welcome anywhere, but there is no place like home.

I must quit for this time; will try to write again.  
A Calloway boy,  
PAUL OLIVER,  
Battery E, 58th Artillery, C. A. C.

James M. Adams has arrived safely overseas. He made the trip in nine days with 30,000 other American troops.

Cecil Trevathan has received an appointment as field clerk and left for Charleston, S. C., Wednesday. This is the same branch of the service in which Fred Holland entered.

Two Trigg county deserters have been captured the past week and returned to Camp Taylor at Louisville. Both live in the southern part of the county near Knott's store. On last Thursday Lamont Savills was arrested near his home by Lee Lisle and late Monday afternoon Barnett Elmo Wyatt was arrested at the home of his father by Sheriff Humphries.—Cadiz Record.

The Ledger is in receipt of a letter from Earl Adams, Bal. D. 114th F. A., instructing that his paper be forwarded to France. In his letter he says: "I like it over here fine and am enjoying the best of health. Tell everybody hello for me and say that I will not be back until it is all over."

The local board of Chicago held Grogan for limited service and he appealed his case to the district board of that city and as a result he has been held for general service. The board here received notice from the Chicago district board of their action and Grogan will head the list of the local delegation that leaves this county.

Sergt. Felix Holt, signal corps, 5th

arrived in France, according to a card received Wednesday by his parents, C. D. Holt and wife, of this city.

Bryan Tolley, Great Lakes Naval Training Station, arrived here Tuesday afternoon to spend a short furlough visiting his parents. Bryan is one of the youngest boys from this county in the service and is making good.

The name of Galen Gough, U. S. Marine, Benton, Ky., appears in the list of wounded in action this week.

Everett Bogard, Co. B, 338th Inf., son of William Bogard, south of the city, landed some two weeks ago with other Calloway boys in England, where they will undergo intensive training for several weeks before being sent to France. He writes home folks that there were thirteen transports carrying 30,000 troops in the convoy when he made the trip. It took nine days to cross.

The family is in receipt of a card announcing the safe arrival overseas of Cletus Farmer. He is a member of Bal. E, 140 F. A., and sailed August 28th. A number of Calloway boys are members of the same unit.

Corporal Leton Moyers, of Trigg county, is listed among the severely wounded during the past week.

## SWEEPING INCREASES IN TAXATION IS PROVIDED

Washington, Aug. 27.—Here are the chief features of the \$8,000,000, 000 revenue bill, now nearing completion, which will not be materially changed:

Incomes from \$5,000 to \$50,000,000 must pay from three to seven per cent. Those above \$50,000,000 pay a surtax of seventy-five per cent.

Existing low rates on tobacco, cigars and cigarettes are doubled.

Cigars must pay all the way from \$2 to \$30 a thousand, according to retail price.

The existing ten per cent tax on all amusement admissions is doubled.

Theatres and entertainment halls must pay a largely increased license fee.

A manufacturers' tax of ten per cent is imposed on soft drinks and a levy of two cents at soda fountains for each drink costing ten cents.

Near beer and all fermented beverages containing less than one-half of one per cent alcohol are taxed ten cents a gallon, instead of one-cent under the present law.

The tax on firearms is twenty-five per cent, and 100 per cent on brass knuckles and bowie knives.

A ten per cent stamp tax is levied on all proprietary medicines.

Cosmetics, perfumes and virtually all toilet articles must pay one per cent in taxes for each ten cents of value.

A maximum rate of eighty per cent will be imposed on all war profits.

The tax on excess profits is fixed at from ten to sixty per cent.

It is expected the tax rate on all liquors will be doubled although no action has been taken on that schedule of the bill.

## REGISTRATION OF SELECTS TAKING PLACE TODAY

Today has witnessed hundreds of Calloway citizens wending their way to their respective voting places for the purpose of registering under the selective service law. While no figures are obtainable at this hour the government estimates Calloway will register 2,250 men today, including those between the ages of 18 and 20 and 32 and 45.

## Government Expenses \$40,446 Minute

Washington, Sept. 6.—Government expenses in August were at the rate of more than \$40,446 a minute, reaching the enormous total of \$1,805,313, 000, and exceeding by more than \$200,000,000 the highest previous monthly record of expense since the war began. Of the total \$1,805,313, 000 went to the upkeep of the army and navy, ship and airplane construction and other direct war expenses.

## STANLEY IS MADE NOMINEE FOR THE SENATE BY COMM.

Louisville, Ky., Sept. 5.—Governor Stanley was today designated the nominee of the democratic party in Kentucky for United States senator and his name will go on the ballot in November instead of that of the late Senator Ollie M. James. The selection was made at a joint meeting of the state central and executive committees, both of which bodies are dominated by Governor Stanley and his friends. The vote in favor of Stanley's selection was twenty-two to one, the one dissenting ballot being cast by W. N. Hind, of Covington, Ky.

Announcement that Thos. S. Rhea, of Russellville, Ky., former state treasurer, will serve as chairman of the campaign committee this fall indicates that a truce between the factions of Senator J. C. W. Beckham and Governor Stanley has been achieved.

The republicans who launched their campaign in support of their senatorial nominee, Dr. Ben L. Bruner, in a rally here tonight, say "democratic voters will not stand for Stanley as United States senator" and voiced their conviction that the party would sweep city and state next November.

Chief aides to Mr. Rhea on the committee will be Seldon R. Glenn, of Eddyville, joint secretary of the central and executive committees, in the position of secretary, and State Fire Marshal Tom Pannell, of Greenville, as treasurer.

The action of the joint session in naming Governor Stanley was based on a local opinion submitted by Attorney General Charles H. Morris, who held that under existing circumstances "there is no authority for holding any primary or election or convention," and further on that "the certificates of nomination by the action of the governing party is the sole authority for placing upon the official ballot under a party device the name of a candidate nominated to fill a vacancy occurring after the regular primary."

Resolutions nominating Governor Stanley were introduced by J. E. Robinson, of Lancaster, member of the state executive committee from the state at large.

Just before the final vote was taken on the resolution W. A. Young, state executive committee man from the Ninth District, moved that the committees defer their action for a few days to provide opportunity for others to enter the race or advance their claims for nomination, but this proposal went by the board without a second.

Outside of a speech by W. A. Young, of Morehead, asking that action be deferred, there was no effort made to submit the nomination to the people by way of a primary or convention.

In his speech Mr. Young complimented Governor Stanley on appointing George B. Martin successor to Senator James for the unexpired portion of the term and in this way made public what had been an open secret all day.

In his plea for deferred action by the committee Young said that nine-tenths of the people of the state do not know that the law doesn't permit them to have a primary or convention, but puts it up to the party organization to name the men for the ticket.

"It's no secret that we're all for Stanley," he said, "I'm for him; but if we name him today it will give the press the opportunity to say that Stanley dominates the committee."

## Dean-Sills Wedding

Announcement is made of the marriage of Miss Lillie Belle Sills and B. R. Dean. The wedding was held privately March 16. This announcement would have been made earlier had it not been for the delay of the marriage certificate which the parents and relatives waited to see before making the announcement.

After this announcement is published all agitators will be required to appear at court and give authority and be dealt with accordingly.—Mr. and Mrs. B. R. Dean, Sharpe, Tenn. Adv.

### YOUR HONOR APPEALED TO.

When America's president issues an order through any of the department heads it is done with the view and belief that American citizens will willingly and patriotically obey the order. It should never be necessary to provide a punishment to cause a compliance with such requests, especially in such perilous times as now confront this republic.

Some two weeks ago the citizens who live east of the Mississippi river were asked by the president through the fuel administrator to conserve gasoline and oil by denying themselves the use of their automobiles on Sunday. Upon the whole this request of the president's has been readily obeyed, but there is in this little town of Murray and county of Calloway scores of citizens who refused to heed the order. No penalty is attached for failure to comply with the order other than each individual conscience. It would indeed be an ill governed home where the parent was compelled to accompany every request made of a child with a threat of punishment, and after all this great nation is only one large family. The individual who refuses to obey the request can expect to be held in contempt by his loyal neighbors, can be justly classed a slacker, ally of the Hun, a sorry ingrate who does not appreciate the great government under which he has lived and prospered to such an extent that he is financially able to provide himself with a car.

The conservation of gasoline is essential, and if not done willingly will be forced. Nearly two millions of

American boys are today in France, hundreds are pouring out their life blood daily that we might continue to live in the security of peace and happiness. Many will die because of a shortage of gasoline to bring up to the battle line supplies, munitions, ambulances, and he who refuses to aid in the conservation of this precious fluid is guilty of murder. The Ledger is glad hundreds of Calloway citizens can afford to own and operate automobiles but in the name of common decency, in the name of the hundreds of Calloway boys who are "over there" to fight and die for you comply with this simple request of your great president.

### FOURTH LIBERTY LOAN

"Am I my brother's keeper?" Cain, crouching in the shadows of self-justification, originated it. Every son of Adam, from Cain to you, has echoed it.

But are you your brother's keeper? Just take a square, honest-to-John look at the facts in the case before you try to dismiss responsibility. What are the facts?

The world despises a busybody and properly. It is a very right sentiment which holds the average man within the bounds of his own business and prevents nosing among his neighbor's private affairs. To that extent, at least, no one will contend that one is responsible for what happens to another. But then.

There are other things than purely private affairs, a world of matters in which your brother's interests are inextricably bound up with your own and with those of every other man, woman and child on earth; and in these matters, whether you will or not, you are your brother's keeper and if you are awake to your own interests you are going to see to it that your stewardship is an active one.

Twentieth-century civilization is an extremely complex tissue of interlocking interests among all the people of communities, cities, states,

countries and continents. No individual is so great, in his personal influence, his belongings of his powers, as to be independent of the rest; none so magnificent that he can be safely disregarded. If there is any sociological truth which stands out today above all others, it is the tremendous fact of the universal community of interest among mankind all the world over. If there is any lesson which he who runs may read from the story of the world war, it is this lesson. This is the fundamental truth of democracy—the stone upon which the plans and schemes of Germany are going rapidly to wreck. Therefore—

When you are asked to affix your signature to a subscription blank for Fourth Liberty Loan bonds, do not try to shelter behind the question of Cain. You are your brother's keeper.

First—it is your duty to keep him fortified upon the field of battle with everything that your money can buy for him. He is shedding his blood, sacrificing his time, risking his life because he is answering "Yes" to this question. Is your blood so yellow that you can, or will, try to evade your almost infinitely smaller sacrifice?

Second—it is your duty to see to it, by every honorable means within your power, that your brother, the fellow who, like yourself, has no heart called to the front, also lives up to his responsibility, and contributes of his means according to his ability, in buying Fourth Liberty Loan bonds.

No matter if, in a burst of resentment at what he may regard as officiousness, he becomes snappy and discourteous. He won't be resentful long. There will be other people who will do their duty as you do yours, and before he has time to grow very indignant someone else will hit him again in the same place. He'll forget all about you in fuming at the other fellow, and by the time this has been repeated a few times he will probably wake up to the fact that he is in a

minority and begin to question whether all these "pests" are not right after all.

Whether you like it or not, you are your brother's keeper. Don't try to sidestep. Get in the game.

### THE BIBLE

Amid the thousands of volumes in every field of human thought and action that annually pour from the countless presses of the world there is one book that, handed down through the ages, has not declined one whit in popularity.

Indeed, in these times of universal trial and suffering and death, hosts of people who had wandered into the ways of darkness are turning back to obtain from its hallowed pages light and truth and hope.

On each Sabbath morn, in countless homes where quiet reigns and along the battlefront in trench and dugout where death stalks amid the bursting shells, the bible is read with reverence as millions seek comfort and guidance from its sacred words. The bible is the miracle of the ages. Despite the attacks of pagans and infidels, of philosophers and pseudo-scientists; the holy book yet stands as the supreme spiritual guide of hundreds of millions of people in all the enlightened lands of earth.

Since its unimpaired and inspired truths were penned thousands of years ago amid the quiet hills of Israel and on the lonely isle of Patmos, once lordly Egypt has been forced to pass under the dominion of an alien race; the orators, poets, painters, sculptors and architects of once-glorious Greece have long ago returned to dust and their marvelous works have been lost or are yielding slowly but none the less certainly to the mutations of time; desolation marks the site of ancient Carthage; there no longer sends her vessels to distant ports; Spain's proud fleets laden with the treasures of the Incas and the Aztecs—long ago ceased to sail the seas, and the picture of world dominion painted by the ambition of Napoleon unraveled only a dream and "the man of destiny" died on a rock in mid-ocean.

Yet through the centuries of ceaseless change—through areas in which

throne have toppled, oppressed peoples have rebelled against tyranny and the meteoric careers of conquerors have for a time filled the world with their light, the bible has passed and still stands, Gibraltar-like against the waves of time.

The greatest intellects of every age have yielded assent to its words, the greatest writers on every page of their works attest the value of its "old study," and the hosts of noble men and saintly women all around us are living evidences of its power over the hearts of mankind in the twentieth century.

The bible offers a chart and a compass across the stormy sea of life; it is the north star by which the mariner may safely steer, and in the hour of death it brings hope to the dying and consolation to the sorrowing. And as the centuries sweep on this wonderful book will yet cause every knee to bend and every tongue to proclaim adherence to the true religion of love and of service, and in the fullness of time the world will be bound with golden chains about the feet of God. Commercial Appeal.

A series of meetings will be held at the Methodist church commencing next Sunday morning. Rev. H. B. Johnson, pastor of the church at Paris, Tenn., will be the preacher.

### HIGH AND GRAMMAR SCHOOL GRADUATES MAY ENTER S. A. C.

A telegram from the war department has been made public that will answer a question frequently put by those who come within the new draft ages. The telegram says: "All draft registrants physically fit for full or limited military duty, graduates of high schools, are eligible for induction into the college unit of the students' army training corps." This, of course, means that any man between 18 and 45 who has had a four years' high school course can be voluntarily inducted into the students' army training corps.

All men within these age limits who have had only a grammar school education can be voluntarily inducted into the vocational section of the students' army training corps. In either case all the men so inducted are soldiers on active duty and will receive pay, subsistence and instruction.

### Gospel Meeting.

The Church of Christ, worshipping on Water Street, has secured the services of E. A. Elam, of Lebanon, Tenn., to conduct a protracted meeting, beginning the first Lord's day in October.

To many in this community Bro. Elam needs no introduction as he is a constant contributor to the Gospel Advocate, also he is the author of the literature used by a majority of the Churches of Christ throughout the South.

Bro. Harding once said of him, "he is the ablest preacher of the Church of Christ." Bro. Pullias said of him, "he is far superior to me as a preacher."

A hearty welcome is extended to all to attend each of these services and assist in the song service which will be conducted by Bro. T. B. Thompson, J. B. Brown, L. D. Curd and R. A. Starks, Elders.

### School Convened Monday.

The opening of the city schools last Monday morning was attended by a large number of patrons of the district and the exercises enjoyed by those present. The attendance at the opening, especially in the high school, is the largest in the history of the school, indicating a banner enrollment throughout the year. This fact is indicative of an aroused sentiment for advanced education and is pleasing to the faculty of the school. With a splendid corps of teachers every indication points to one of the most successful terms in many years.

### Charley Edwards Dead.

Charley Edwards, 69 years old, died at his home in this city Wednesday morning of tuberculosis. Mr. Edwards had been a sufferer of this dreadful disease for several months and his death was no surprise to his family and friends.

Besides his wife, two sons, Willie and Cratus, and one daughter, Mrs. Lillie Hurt, he leaves one brother and three sisters to mourn his loss. The funeral and burial was held at the Spencer-Starks cemetery Thursday.

### Martin is Named for Short Term.

Louisville, Ky., Sept. 7.—George Brown Martin, an attorney of Catlettsburg, is the new United States senator for Kentucky, to fill the unexpired portion of the term of the late Senator Ollie M. James, ending on March 4, next. The appointment was announced by Governor Stanley just before leaving Louisville late last night. Mr. Martin was born in Floyd county 42 years ago and is a son of Alexander L. Martin, a former state senator and an able orator.

## Enroute to the Trenches

Somewhere in France, Aug. 10, O. J. Jennings, Murray, Ky.

Dear Friend: I will take the time and pleasure to drop you a line to let you know that I am still living in France and doing my bit for my Uncle and I find it quite a pleasure to work for such a good fellow and in such a fine country.

We are having the best of weather over here and we Sammies are having first rate, and there is quite a number of us here, and one can't tell but what he is in the United States, for you can see Old Glory flying almost everywhere here.

I am located in a city of about over one hundred thousand and it's quite a nice old place, better than a lot of our cities, and the scenery is wonderful, both in the city and in the country.

Tell the rest of the Calloway eligible soldiers that they are missing the greatest time of times by not being here.

Well, as I am very busy, will close for this time. Would like to hear from any and all of you.

Your friend,  
OSCAR E. WINDSOR,  
Sergeant Quartermaster Corps.

France, Aug. 18.

Dear Mr. Jennings: As I am free for the afternoon I will try to pen a few lines. I crossed the big pond in safety last spring, in fact, I feel like an old soldier of France now and will be quite delighted when my service has been long enough for my foreign service stripe. That little gold inverted V on the sleeve means a lot to a fellow over here. I have seen some fellows with two of them and it actually makes me jealous.

I have always heard people speak of France as being sunny and believe me they were right, as any A. E. F. boy will tell you, especially one who has worn a gas mask during drill periods. This August sun is almost blistering in its intensity, wearing a gas mask is not very pleasant at any time, much less in the summer. We are undergoing some very intensive training just now and if we keep it up until the finish our muscles will be as hard as steel. I believe we will soon be in shape for any hardship we may chance to meet. The "dough-boys" may be toughened to hiking and trench digging but they haven't a thing on the heavy artillery when it comes to lifting and dragging heavy loads.

We have the finest captain I ever saw; not one of the boys but what would do anything for him and when we get in a pinch and the load refuses to move he always gives us a hand. It is a good hand too, for he is a six-footer from West Point. Our lieutenants too seem to be nice fellows, though they are new men in our outfit and we haven't seen much of them yet.

There are a lot of negro soldiers here, in fact two of them are sitting at the same table I am, sitting as though their lives depended on it. Just outside there is a ball game, with whites against negroes and an umpire of each color; a long, lanky lieutenant pitching for the whites and a sergeant for the blacks. What do we care? We all came over for the same purpose and when it is finished we will come back.

I have never met any of the Calloway boys though I strain my eyes every time I see a new outfit. In fact I have never seen a familiar face since I enlisted but a fellow can soldier just as well among strangers as among his own friends. We have a crack battery and I believe we have a man from every state in the union, Kentucky, Indiana and Pennsylvania being in the lead, Kentucky first, The Y. M. C. A. workers, the Red Cross and the chaplains are the best friends to an enlisted man. I suppose every company feels alike, but I believe the 58th has the kindest chaplain in France. He goes around doing something cheering all the time. For instance, after hiking for about twelve miles one day last week and just as we were taking our last ten minutes rest within one mile of our destination, when the word, "Forward, March," was given I could not rise from the ground. A motorcycle rider took me in and the chaplain met me with kind words and a cooling drink. He stayed with me until I was feeling able to go to supper, and of course such kindness is appreciated by the whole regiment. We know you people in the good old U. S. A. are with us night and day and would come across and help light it out if your affairs would permit, but your work is there and the best way to speed it on is to buy War Stamps.

Liberty Bonds or anything else raise funds for the government. I don't believe one can realize the enormity of this thing unless they have experienced it. There is not a nation under the sun that can whip the United States. Her sons are the greatest fighters on earth and her resources are inexhaustible. Just a little of a foreign land will make one understand what a great country we have. The French are good people and we are welcome anywhere, but there is no place like home.

I must quit for this time; will try to write again.

A Calloway boy,  
PAUL OLIVER,  
Battery E, 58th Artillery, C. A. C.

James M. Adams has arrived safely overseas. He made the trip in nine days with 39,000 other American troops.

Cecil Trevathan has received an appointment as field clerk and left for Charleston, S. C., Wednesday. This is the same branch of the service in which Fred Holland entered.

Percy Glasgow and Stanford Brooks have gone to Louisville to assist in Y. M. C. A. work. They will also take a course in French.

Elvis Branch has arrived safely in France he announces to members of his family in this county.

Everard Mason is at home on a few days' furlough from Great Lakes, Ill., where he is in training for service in the navy.—Hazel News.

Darwin White, who has been in Camp Beauregard, La., for the past few months, surprised his friends in Hazel recently by coming home on a furlough. After his return to camp he will be engaged in Y. M. C. A. work.—Hazel News.

Mike Cunningham, one of the Trigg county soldiers who deserted last fall and was captured some time after and returned to Camp Taylor, has been sentenced to a term in prison, and is now at Ft. Leavenworth, Kas.—Cadiz Record.

Two Trigg county deserters have been captured the past week and returned to Camp Taylor at Louisville. Both live in the southern part of the county near Knott's store. On last Thursday Lamont Savills was arrested near his home by Lee Lisle and late Monday afternoon Barnett Elmo Wyatt was arrested at the home of his father by Sheriff Humphries.—Cadiz Record.

The Ledger is in receipt of a letter from Earl Adams, Bat. D, 114th F. A., instructing that his paper be forwarded to France. In his letter he says: "I like it over here fine and am enjoying the best of health. Tell everybody hello for me and say that I will not be back until it is all over."

Lieut. Shirley Clayton, signal corps Camp Shelby, Miss., underwent an operation last week at the base hospital for appendicitis. Reports that come to relatives here give his condition as satisfactory. Mr. Clayton was prevented from going to the bedside of his son on account of sickness.

Sergt. Hugh Gingles, Camp Taylor, Ky., spent a short furlough the past week in the county visiting relatives in Kirksey and Murray.

T. B. Nance, Great Lakes Naval Training Station, a former Calloway boy who enlisted in the navy from Paducah, was in the city last week visiting relatives.

Ralph Beckett, who has been in a vocational training school at Lexington, Ky., since he was inducted into service, was in the city this week together with his wife the guests of her father, Pat Pitt.

Barrel Valentine and William Arnett, who failed to get away on last fourth Monday with the Calloway contingent of draftees for Camp Taylor, were sent to Camp last week.

Hallett Grogan, who was originally held by the local board of this city for limited military service and who was later notified to appear for a second examination, elected to have his physical test made before a board in Chicago, Ill., where he has been located the past several weeks. The local board of Chicago held Grogan for limited service and he appealed his case to the district board of that city and as a result he has been held for general service. The board here received notice from the Chicago district board of their action and Grogan will head the list of the next registration that leaves this county.

Sergt. Felix Holt, signal corps, has

arrived in France, according to a card received Wednesday by his parents, C. D. Holt and wife, of this city.

Bryan Tolley, Great Lakes Naval Training Station, arrived here Tuesday afternoon to spend a short furlough visiting his parents. Bryan is one of the youngest boys from this county in the service and is making good.

The name of Galen Gough, U. S. Marine, Benton, Ky., appears in the list of wounded in action this week.

Everett Bogard, Co. B, 338th Inf., son of William Bogard, south of the city, landed some two weeks ago with other Calloway boys in England, where they will undergo intensive training for several weeks before being sent to France. He writes home folks that there were thirteen transports carrying 30,000 troops in the convoy when he made the trip. It took nine days to cross.

The family is in receipt of a card announcing the safe arrival overseas of Cletus Farmer. He is a member of Bat. F, 140 F. A., and sailed August 28th. A number of Calloway boys are members of the same unit.

Corporal Leton Moyers, of Trigg county, is listed among the severely wounded during the past week.

### SWEEPING INCREASES IN TAXATION IS PROVIDED

Washington, Aug. 27.—Here are the chief features of the \$8,000,000,000 revenue bill, now nearing completion, which will not be materially changed:

Incomes from \$5,000 to \$50,000 must pay from three to seven per cent. Those above \$50,000 pay a surtax of seventy-five per cent.

Inheritances must pay a tax of from six to thirty-five per cent as the estates range from \$50,000 to \$10,000,000. Those above \$10,000,000 must pay forty per cent. This tax is payable on all insurance policies above \$40,000.

Luxuries and near necessities are taxed from ten to twenty per cent.

Automobiles must pay a tax of from \$10 to \$50 as the horse power ranges from twenty-three to more than forty.

Gasoline is taxed two cents per gallon.

Motor boats must pay a tax of \$10.

Pleasure yachts are taxed at \$1 a foot up to fifty feet, and \$2 a foot when more than 100 feet long.

Existing low rates on tobacco, cigars and cigarettes are doubled.

Cigars must pay all the way from \$2 to \$30 a thousand, according to retail price.

The existing ten per cent tax on all amusement admissions is doubled.

Theatres and entertainment halls must pay a largely increased license fee.

A manufacturers' tax of ten per cent is imposed on soft drinks and a levy of two cents at soda fountains for each drink costing ten cents.

Near beer and all fermented beverages containing less than one-half of one per cent alcohol are taxed ten cents a gallon, instead of one-cent under the present law.

The tax on firearms is twenty-five per cent, and 100 per cent on brass knuckles and bowie knives.

A ten per cent stamp tax is levied on all proprietary medicines.

Cosmetics, perfumes and virtually all toilet articles must pay one per cent in taxes for each ten cents of value.

A maximum rate of eighty per cent will be imposed on all war profits.

The tax on excess profits is fixed at from ten to sixty per cent.

It is expected the tax rate on all liquors will be doubled although no action has been taken on that schedule of the bill.

### REGISTRATION OF SELECTS TAKING PLACE TODAY

Today has witnessed hundreds of Calloway citizens, wending their way to their respective voting places for the purpose of registering under the selective service law. While no figures are obtainable at this hour the government estimates Calloway will register 2,259 men today, including those between the ages of 18 and 20 and 32 and 45.

Government Expenses \$40,446 Mibute

Washington, Sept. 6.—Government expenses in August were at the rate of more than \$40,446 a minute, reaching the enormous total of \$1,805,512,000, and exceeding by more than \$2,000,000 the highest previous monthly record of expense since the war began. Of the total \$1,824,907,000 went to the upkeep of the army and navy, ship and airplane construction and other direct war expenses.

## STANLEY IS MADE NOMINEE FOR THE SENATE BY COMM.

Louisville, Ky., Sept. 5.—Governor Stanley was today designated the nominee of the democratic party in Kentucky for United States senator and his name will go on the ballot in November instead of that of the late Senator Ollie M. James. The selection was made at a joint meeting of the state central and executive committees, both of which bodies are dominated by Governor Stanley and his friends. The vote in favor of Stanley's selection was twenty-two to one, the one dissenting ballot being cast by W. N. Hind, of Covington, Ky.

Announcement that Thos. S. Rhea, of Russellville, Ky., former state treasurer, will serve as chairman of the campaign committee this fall indicates that a truce between the factions of Senator J. C. W. Beckham and Governor Stanley has been achieved.

The republicans who launched their campaign in support of their senatorial nominee, Dr. Ben L. Bruner, in a rally here tonight, said "democratic voters will not stand for Stanley as United States senator" and voiced their conviction that the party would sweep city and state next November.

Chief aides to Mr. Rhea on the committee will be Seldon R. Glenn, of Eddyville, joint secretary of the central and executive committees, in the position of secretary, and State Fire Marshal Tom Pannell, of Greenville, as treasurer.

The action of the joint session in naming Governor Stanley was based on a local opinion submitted by Attorney General Charles H. Morris, who held that under existing circumstances "there is no authority for holding any primary or election or convention," and further on that "the certificates of nomination by the action of the governing party is the sole authority for placing upon the official ballot under a party device the name of a candidate nominated to fill a vacancy occurring after the regular primary."

Resolutions nominating Governor Stanley were introduced by J. E. Robinson, of Lancaster, member of the state executive committee from the state at large.

Just before the final vote was taken on the resolution W. A. Young, state executive committee member from the Ninth District, moved that the committees defer their action for a few days to provide opportunity for others to enter the race or advance their claims for nomination, but this proposal went by the board without a second.

Outside of a speech by W. A. Young, of Morehead, asking that action be deferred, there was no effort made to submit the nomination to the people by way of a primary or convention.

In his speech Mr. Young complimented Governor Stanley on appointing George B. Martin successor to Senator James for the unexpired portion of the term and in this way made public what had been an open secret all day.

In his plea for deferred action by the committee Young said that ninetenths of the people of the state do not know that the law doesn't permit them to have a primary or convention, but puts it up to the party organization to name the men for the ticket.

"It is no secret that we're all for Stanley," he said, "I'm for him, but if we name him today it will give the press the opportunity to say that Stanley dominates the committee."

### Dean-Sills Wedding.

Announcement is made of the marriage of Miss Lillie Belle Sills and B. R. Dean. The wedding was held privately March 16. After this announcement is published all agitators will be required to appear at court and give authority and be dealt with accordingly.—Mr. and Mrs. B. R. Dean, Sharpe, Tenn. Ady.

### Diploma Examination.

## The Murray Ledger

### YOUR HONOR APPEALED TO.

When America's president issues an order through any of the department heads it is done with the view and belief that American citizens will willingly and patriotically obey the order. It should never be necessary to provide a punishment to cause a compliance with such requests, especially in such perilous times as now confront this republic.

Some two weeks ago the citizens who live east of the Mississippi river were asked by the president through the fuel administrator to conserve gasoline and oil by denying themselves the use of their automobiles on Sunday. Upon the whole this request of the president has been readily obeyed, but there is in this little town of Murray and county of Calloway scores of citizens who refused to heed the order. No penalty is attached for failure to comply with the order other than each individual conscience. It would indeed be an ill-governed home where the parent was compelled to accompany every request made of a child with a threat of punishment, and after all this great nation is only one large family. The individual who refuses to obey the request can expect to be held in contempt by his loyal neighbors, can be justly classed a slacker, ally of the Hun, a sorry ingrate who does not appreciate the great government under which he has lived and prospered to such an extent that he is financially able to provide himself with a car.

The conservation of gasoline is essential, and if not done willingly will be forced. Nearly two millions of

American boys are today in France, hundreds are pouring out their life blood daily that we might continue to live in the security of peace and happiness. Many will die because of a shortage of gasoline, munitions, ambulances, and he who refuses to aid in the conservation of this precious fluid is guilty of murder. The Ledger is glad hundreds of Calloway citizens can afford to own and operate automobiles but in the name of common decency, in the name of the hundreds of Calloway boys who are "over there" to fight and die for you comply with this simple request of your great president.

### FOURTH LIBERTY LOAN

"Am I my brother's keeper?" Cain, crouching in the shadows of self-justification, originated it. Every son of Adam, from Cain to you, has echoed it.

But are you your brother's keeper? Just take a square, honest-to-John look at the facts in the case before you try to dismiss responsibility. What are the facts?

The world despises a busybody—and properly. It is a very right sentiment which holds the average man within the bounds of his own business and prevents nosing among his neighbor's private affairs. To that extent, at least, no one will contend that one is responsible for what happens to another. But then,

There are other things than purely private affairs, a world of matters in which your brother's interests are inextricably bound up with your own and with those of every other man, woman and child on earth; and in these matters, whether you will or not, you are your brother's keeper and if you are going to see to it that your stewardship is an active one.

Twentieth century civilization is an extremely complex tissue of interlocking interests among all the people of communities, cities, states,

countries and continents. No individual is so great, in his personal influence, his belongings or his powers, as to be independent of the rest; none so magnificent that he can be safely disregarded. If there is any sociological truth which stands out today above all others, it is the tremendous fact of the universal community of interest among mankind all the world over. If there is any lesson which he who runs may read from the story of the world war, it is this lesson. This is the fundamental truth of democracy—the stone upon which the plans and schemes of Germany are going rapidly to wreck. Therefore—

When you are asked to affix your signature to a subscription blank for Fourth Liberty Loan bonds, do not try to shelter behind the question of Cain. You are your brother's keeper.

First—It is your duty to keep him fortified upon the field of battle with everything that your money can buy for him. He is shedding his blood, sacrificing his time, risking his life because he is answering "Yes" to this question. Is your blood so yellow that you can, or will, try to evade your almost infinitely smaller sacrifice?

Second—it is your duty to see to it, by every honorable means within your power, that your brother, the fellow who, like yourself, has no been called to the front, also lives up to his responsibility, and contributes of his means according to his ability, in buying Fourth Liberty Loan bonds.

No matter if, in a burst of resentment at what he may regard as officiousness, he becomes snappy and discourteous. He won't be resentful long. There will be other people who will do their duty as you do yours, and before he has time to grow very indignant someone else will hit him again in the same place. He'll forget all about you in fuming at the other fellow, and by the time this has been repeated a few times he will probably wake up to the fact that he is in a

minority and begin to question whether all these "pests" are not right after all.

Whether you like it or not, you are your brother's keeper. Don't try to sidestep. Get in the game.

### THE BIBLE

Amid the thousands of volumes in every field of human thought and action that annually pour from the countless presses of the world there is one book that, handed down through the ages, has not declined one whit in popularity.

Indeed, in these times of upheaval, of trial and suffering and death, hosts of people who had wandered into the ways of darkness are turning back to obtain from its hallowed pages light and truth and hope.

On each Sabbath morn, in countless homes where quiet reigns and along the battlefield in trench and dugout where death stalks amid the bursting shells, the bible is read with reverence as millions seek comfort and guidance from its sacred words.

The bible is the miracle of the ages. Despite the attacks of pagans and infidels, of philosophers and pseudo-scientists; the holy book yet stands as the supreme spiritual guide of hundreds of millions of people in all the enlightened lands of earth.

Since its immortal and inspired truths were penned thousands of years ago amid the quiet hills of Israel and on the lonely isle of Patmos, once-lordly Egypt has been forced to pass under the dominion of an alien race; the orators, poets, painters, sculptors and architects of once-glorious Greece have long ago returned to dust and their marvelous works have been lost or are yielding slowly but none the less, certainly to the mutations of time; desolation marks the site of ancient Carthage; Tyre no longer sends her vessels to distant ports; Spain's proud fleets—laden with the treasures of the Incas and the Aztecs—long ago ceased to sail the seas, and the picture of world dominion painted by the ambition of Napoleon proved only a dream and "the man of destiny" died on a rock in mid-ocean.

Yet through the centuries of ceaseless change—through areas in which

thrones have toppled, oppressed peoples have rebelled against tyranny and the meteoric careers of conquerors have for a time filled the world with their light, the bible has passed and still stands, Gibraltar-like against the waves of time.

The greatest intellects of every age have yielded assent to its words, the greatest writers on every page of their works attest the value of its close study, and the hosts of noble men and saintly women all around us are living evidences of its power over the hearts of mankind in the twentieth century.

The bible offers a chart and a compass across the stormy sea of life—it is the north star by which the mariner may safely steer, and in the hour of death it brings hope to the dying and consolation to the sorrowing. And as the centuries sweep on this wonderful book will yet cause every knee to bend and every tongue to proclaim adherence to the true religion of love and of service, and in the fullness of time the world will be bound with golden chains about the feet of God.—Commercial Appeal.

A series of meetings will be held at the Methodist church commencing next Sunday morning. Rev. H. B. Johnson, pastor of the church at Paris, Tenn., will be the preacher.

## FIGHT AT TENT MEETING RESULTS IN MAN'S DEATH

Stanley Watson, age 21 years, was killed Saturday night by Raymond Frick, age 17, at a sanctified meeting at Oaks Station across the Graves county line in McCracken county. The cause of his death was a stab wound in the neck which severed the jugular vein. Frick surrendered to McCracken county officers and was lodged in jail at Paducah. The trouble came up so quickly that it was difficult to tell exactly all about it. The young men were the best of friends. It is said that Watson knocked Frick down two times but this is only supposition. Watson was carried to his home five miles away and died about five minutes after reaching there. An inquest was held that night by the coroner of McCracken county.

The young men are well known in the Hardin county section where they lived but is said had previously lived near Pryorsburg.

The body of Watson was taken to Pryorsburg Sunday where his mother was at the time of the killing. Burial occurred Monday morning at Rozzell's Chapel west of Mayfield. Frick is a son of George Frick.

## The Bible and the Soldiers.

The American Bible Society has made public a communication from Generalissimo Foch concerning the distribution of bibles among the soldiers, saying: "The bible is certainly the best preparation that you can give to an American soldier going into battle to sustain his magnificent ideal and faith." All shades of opinion will agree as to the martial inspiration of many Old Testament passages. No war songs ever written surpass those of the Hebrew scriptures. In fact there are some of the imprecatory Psalms we hesitate to quote even against the Germans. Dr. Lyman Abbott has found the fourteenth chapter of Isaiah peculiarly applicable to the Kaiser's fate, although he does not share the premillennial view that the Kaiser is the beast of the Apocalypse. But exhortations to dauntless daring, to ample preparation and to stern and inflexible determination may be found in numerous places.

It is only as to the Gospels that there may be controversy. Here the pacifists profess to find their spiritual arsenal. They do it by putting literal construction on certain sayings of Jesus, without inquiring into circumstances and purposes. They have especially turned teachings designed for the private conduct of a people much given to vindictiveness and the wreaking of private vengeance into rules of behavior for all peoples everywhere and under all conditions' obvious of the fact that Jesus himself did not literally follow them at all times. He scourged the money changers from the temple and his wrath against the Jewish hierarchy was voiced in one of the greatest activities in literature. Nor did he show a horror of all things military, the second highest compliment he ever paid being to a centurion. Only by such perversions as Tolstoi made can Jesus' sayings be made to urge nonresistance to organized brigandage, to predatory raiders, to the violators of every law of God and man, looters, rapists, arsonists, despoilers of homes and desecrators of temples.

But the "magnificent ideal and faith," to which Foch refers, will be fostered by the admonitions to sacrifice and the supreme example of sacrifice told in the Gospels. It is in the exalting of things eternal over things temporal and the stressing of the sublimity of service that the bible will prepare our soldiers for their holy mission.

## Draft Board Clerks to Get \$87.50

Frankfort, Ky., Sept. 12.—October calls for military service will take men registered August 24 having been in 21 years old since June 5.

This class probably will be exhausted during October so far as class one men are concerned.

## "WOMANHOOD"

THE GLORY OF THE NATION

At the Woodruff Opera House Friday  
Afternoon at 3 o'clock and 8 at Night

THE PICTURE OF THE TIME

"Womanhood" is the supreme revelation of the three noblest passions in a woman's life.

Rightly called "The Love Epic of the Screen," it depicts the love of a maid for a maid for a man, the love of a mother for her child and the love of a woman for her country.

So vivid is the story—so gripping is the intensity of the action—that it conveys to the mind and heart emotions so vital and thoughts so powerful that its presentation will leave its indelible impress on your memory.

"Womanhood" is the film of the hour.

At a time when the big world movements are converging to a greater democracy, this highly dramatic spectacle will be a moulder of sentiment of the country, an inspiration to the people, and perhaps the mightiest force to strike home the imperative needs of the moment.

PRICES 15 and 30 Cents.

## FIGHT AT TENT MEETING RESULTS IN MAN'S DEATH

Stanley Watson, age 21 years, was killed Saturday night by Raymond Frick, age 17, at a sanctified meeting at Oaks Station across the Graves county line in McCracken county. The cause of his death was a stab wound in the neck which severed the jugular vein. Frick surrendered to McCracken county officers and was lodged in jail at Paducah. The trouble came up so quickly that it was difficult to tell exactly all about it. The young men were the best of friends. It is said that Watson knocked Frick down two times but this is only supposition. Watson was carried to his home five miles away and died about five minutes after reaching there. An inquest was held that night by the coroner of McCracken county.

The young men are well known in the Hardmoney section where they lived but is said had previously lived near Pysburg.

The body of Watson was taken to Pysburg Sunday where his mother was at the time of the killing. Burial occurred Monday morning at Rozzell's Chapel west of Mayfield. Frick is a son of George Frick.

All the singers of the community are invited to come into the choir and sing. All the Christian people are sincerely solicited to give us earnest co-operation in this effort to make our community better.

The annual protracted meeting begins Sunday, Sept. 15. We are hoping for a genuine revival. The unsaved are called to repentance.

Dr. H. B. Johnston, D. D., pastor of the Methodist church at Paris, Tenn., will arrive Monday and remain for twelve days to do the preaching. He is one of the successful men of the Memphis Conference. His messages are strong and convincing. Let's all decide on a better life. What do you say? Cordially, H. W. BROOKS.

## Steamer St. Louis Sinks.

The steamboat St. Louis of the St. Louis and Tennessee River Packet Company is partly submerged in the Mississippi river about 22 miles south of St. Louis, where the boat sank last Monday morning at 1 a. m. while enroute to St. Louis with 40 passengers, most of whom were women and children. All of these were saved, with the exception of one woman, Mrs. L. H. Robertson, of Moscow, Ky. The boat sank in 25 feet of water after striking an obstruction.

## Ban Put on Beer December First.

Washington, Sept. 7.—The manufacture of beer in the United States will be prohibited after December 1, as a war measure. This was announced last night by Food Administrator Hoover, who said the decision had been reached at a conference of President Wilson and representatives of the fuel, food and railroad administrators and the war industries board.

L. Y. Woodruff has disposed of his herd of forty four Hereford cattle to Moore & Hicks, of Water Valley, Ky. The consideration was \$6,750, averaging \$1,080 per head. About all we have fellows here in Calloway county who insist that a razor back or an old brandle are just as profitable to raise as the better breed.

For baby's crump, Willie's daily cuts and bruises, mother's sore throat and grandma's lameness—Dr. Thomas' Electric Oil—the household remedy. 30c and 50c.

## The Bible and the Soldiers.

The American Bible Society has made public a communication from Generalissimo Foch concerning the distribution of bibles among the soldiers, saying: "The bible is certainly the best preparation that you can give to an American soldier going into battle to sustain his magnificent ideal and faith." All shades of opinion will agree as to the martial inspiration of many Old Testament passages. No war songs ever written surpass those of the Hebrew scriptures. In fact there are some of the imprecatory Psalms we hesitate to quote even against the Germans. Dr. Lyman Abbott has found the fourteenth chapter of Isaiah peculiarly applicable to the Kaiser's fate, although he does not share the premillennial view that the Kaiser is the agent of the Apocalypse. But exhortations to dauntless daring, to ample preparation and to stern and inflexible determination may be found in numerous places.

It is only as to the Gospels that there may be controversy. Here the pacifists profess to find their spiritual arsenal. They do it by putting literal construction on certain sayings of Jesus, without inquiring into circumstances and purposes. They have especially turned teachings designed for the private conduct of a people much given to vindictiveness and the wreaking of private vengeance into rules of behavior for all peoples everywhere and under all conditions. The fact that Jesus himself did not literally follow them at all times. He scourged the money changers from the temple and his wrath against the Jewish hierarchy was voiced in one of the greatest activities in literature. Nor did he show a horror of all things military, the second highest compliment he ever paid being to a centurion. Only by such perversions as Tolstoy made can Jesus' sayings be made to urge nonresistance to organized brigandage, to predatory raiding, to the violators of every law of God and man, looters, rapists, arsonists, despoilers of homes and desecrators of temples.

But the magnificent ideal and faith, touching each soldier, will be fostered by the admonitions to sacrifice and the supreme example of sacrifice told in the Gospels. It is in the exalting of things eternal over things temporal and the stressing of the sublimity of service that the bible will prepare our soldiers for their holy mission.

## Draft Board Clerks to Get \$87.50

Frankfort, Ky., Sept. 12.—October calls for military service will take men registered August 24 having become 21 years old since June 6.

In a bulletin from the provost marshal general's office, attention is called to the fact that the September calls will exhaust class one of previous registrations and the early October calls will be limited to 50 per cent of the August registration. This class probably will be exhausted during October so far as class one men are concerned.

Men inducted for service with the local and district boards, Maj. Henry F. Rhodes is advised, will draw \$30 a month, \$15 for quarters, \$5 for heat and light and \$37.50 for subsistence, a total of \$87.50.
